Headquarters

OL has reviewed the requirements contained within subject Executive Order. To comply as directed would expose sources and methods, placing the Agency in a compromised security posture. Therefore, OL recommends noncompliance based upon the provisions of the CIA Act of 1949.

Nevertheless, OL is concentrating its efforts towards the spirit of the Executive Order and will actively pursue commercial contracting with the private sector. To the extent practical, based upon operational requirements, the mission of the office, and cost savings, OL's initiatives will parallel the President's Management Improvement Program; Reform '88.
